

Flavor Meets Function

FlavorIn™

Looking for a way to enhance the natural flavors of your product?

As experts in functional ingredients, WTI offers the product line FlavorIn, consisting of all-natural blends of fruit and vegetable concentrates and other natural flavors. FlavorIns are designed to improve the organoleptic attributes of your meats, deli salads and packaged foods.

Water-soluble and easy to use, FlavorIns are available as customized products to meet your specific sensory and formulation requirements.

Advantages of using FlavorIn

- *A clean label, consumer-friendly option.*
- *Enhances natural meat flavors.*
- *Stabilizes meat color.*
- *Easy to use.*
