

## **WTI joins the National Restaurant Association as an Industry Partner**

December 21, 2022

Jefferson, GA

World Technology Ingredients, Inc. (WTI), a leader in the functional food industry for more than 30 years, is pleased to announce that it has joined the National Restaurant Association's Industry Partner Group.

"WTI is invested in the well-being of the restaurant and foodservice industries," said Ralf Ludwig, Owner and President of WTI. "We drive innovation in food safety and provide simple, clean and safe ingredients that ensure that the food we eat each day is safe."

WTI specializes in naturally-derived vinegar-based antimicrobials that improve shelf-life and reduce food waste; inhibit the outgrowth of pathogens, including *Listeria monocytogenes* and *Clostridium spp.*; control yeast and mold growth; and, enhance food quality and eating experience.

"One of the most important things the National Restaurant Association does is to bring the industry together. We couldn't accomplish this without Industry Partners like WTI," said Allison Rhyne, vice president of Development for the National Restaurant Association and National Restaurant Association Educational Foundation, "As providers of services, supplies, technology, ingredients, equipment, and financial support, Industry Partners are extensions of the restaurant community. Industry Partners are essential to the success of the \$899 billion-a-year restaurant and foodservice industry."

As an Industry Partner, WTI also supports to the philanthropic efforts of the National Restaurant Association Educational Foundation (NRAEF) and its mission to enhance industry workforce training and education, career development, and community engagement efforts.

### **About World Technology Ingredients, Inc. (WTI)**

WTI has been leading the functional food ingredient industry for over 30 years, producing naturally derived, patented, and performance-validated food ingredients that are simple, clean, and safe. WTI first entered the ingredients market in 1989, with the introduction of Myosol<sup>®</sup>, a liquid phosphate. Since then, WTI has remained committed to delivering simple, clean, and safe high-performing products and solutions that lead functional food ingredient innovation with integrity. The global company is headquartered in Jefferson, GA with a subsidiary in Germany. For more information, visit [www.wtiinc.com](http://www.wtiinc.com).

### **About the National Restaurant Association**

Founded in 1919, the National Restaurant Association is the leading business association for the restaurant industry, which comprises nearly 1 million restaurant and foodservice outlets and a workforce of 14.5 million employees. Together with 52 State Associations, we are a network of professional organizations dedicated to serving every restaurant through advocacy, education, and
