

WTI welcomes Mary Cok as Account Manager for Mid-West region

October 9, 2023

Jefferson, GA

World Technology Ingredients, Inc. (WTI), a global leader in the functional food ingredient industry, is pleased to announce the appointment of Mary Cok as the new Account Manager for the Mid-West region. With her extensive experience in the food and beverage industry, Ms. Cok is a valuable addition to the WTI team.

Joe Schissler, Vice President of Sales at WTI, expressed his enthusiasm about Mary Cok's joining the company, stating, "We are excited to have Mary on our team. Mary has the knowledge and experience to partner with our customers to safeguard their brand's success."

Cok brings over 25 years of experience in various roles in the food and beverage sectors, including manufacturing quality control, technical support, research and development, regulatory affairs, and, most recently, technical sales, to WTI.

"I am eager to leverage my broad industry knowledge to assist our customers with their unique requirements and challenges," said Mary Cok, demonstrating her commitment to delivering exceptional service to WTI's valued clientele.

Cok has a Bachelor of Science degree in Food Science from the University of Minnesota.

She and her husband live outside of Kansas City, Missouri.

About World Technology Ingredients, Inc. (WTI)

WTI has been leading the functional food ingredient industry for over 30 years, producing naturally-derived and conventional ingredients that enhance food safety, preservation, and quality. WTI's innovations include the development of the naturally-derived vinegar antimicrobials category and the introduction of the first dried vinegar product, DV[®] (Patent U.S. 11,696,587), to the market. The company operates globally, with its headquarters in Jefferson, GA, and a subsidiary in Germany.
